

Corrections for Chapter 1 Test

Students with a percentage grade below 75% can make corrections for half credit.

For each multiple-choice question that you correct, you will get half credit.

- Write the number of the question that you got wrong.
- After the number, write a stand-alone, complete sentence, statement of fact that proves you know the answer.
- Since the short answer essay questions were provided in advance, you cannot make corrections on these for more points.
